REPORT OF SCHOOL BOARD.

The school board realizes that as another year has passed a report of schools is expected.

The treasurer's report shows the condition of finances and the statistical table will show the number of pupils as well as the number of weeks of school during the year.

The Corner schoolhouse has been shingled, the interior of the Ridge schoolhouse painted and papered, also interior of South schoolhouse painted and whitened, with new tables and chairs for teachers furnished for both Ridge and South. Repairs are badly needed on some of the other schoolhouses, especially the Centre and Powder Mills, if it becomes necessary to continue a school in that district.

The arithmetics have been changed, and a dictionary has been placed on every teacher's desk; a set of Geographical Readers also has been placed in each school, all of which seem to be greatly appreciated by both teachers and pupils.

The Caverly school we were obliged to close at the end of two weeks on account of pupils removing from the district, they being mostly transient.

Respectfully submitted,

LILLIE M BICKFORD,	}	School Board
